ABOUT ME

My journey began with a solid foundation in Bachelor of Computer Applications (BCA), where I developed a strong understanding of fundamental computer science concepts. Driven by a passion for technology, I embarked on a journey of continuous learning and skill acquisition. Through rigorous training and hands-on experience at InfoBeans Foundation

EDUCATION

Bachelor of Computer Applications (BCA)   **[2020-2023]**

During my pursuit of a Bachelor of Computer Applications (BCA) degree at RPL Maheshwari College, I acquired a comprehensive understanding of key concepts in computer science and software development.

12th (PCM)   **[2018-2019]**

During my tenure at Government Nutan Higher Secondary School, I pursued the Science stream with a focus on Physics, Chemistry, and Mathematics (PCM). This foundational period played a crucial role in shaping my academic trajectory and instilling in me a strong passion for the sciences.

RELEVANT PROJECTS:

MINI E-COMMERCE WEB APPLICATION

The mini e-commerce web application is a single-page application (SPA) designed to simulate the essential functionalities of an online store. Leveraging JavaScript, HTML, and CSS, I crafted an intuitive and visually appealing user interface that facilitates seamless navigation and interaction.

BANKING APPLICATION

As part of my exploration into Java programming and graphical user interface (GUI) development, I spearheaded the creation of a comprehensive bank application using Java and Java Swing. This project was designed to cater to both end users and administrators, providing a seamless banking experience with robust functionality.

SKILLS

Java, HTML, CSS, BootStrap, JavaScript

NodeJs, ExpressJs, ReactJs

MySql, MongoDB

DECLARATION

I thrive in fast-paced environments where I can apply my technical expertise while learning from seasoned professionals. I am excited about the opportunity to contribute my skills and grow professionally as part of a forward-thinking organization dedicated to pushing the boundaries of technology.
